Hopes to See Roche Run in 1990

To the Editor:

I cannot believe that recently re-elected State Senator John Houston said 'good riddance' to Allstate Insurance Company which will no longer write insurance in Massachusetts. Allstate is leaving because of the auto insurance mess in this state. Three other companies, Kemper, Fireman Fund and Peerless have already paid to leave the state. Can you believe this, 'Paying the state not to business' incredible.

What Senator Houston would like is to have the state rating setting commission set the insurance rates and then have another state agency (the Insurance Commission) issue the insurance premiums. Sounds like socialism at its best. But what do you expect from a Massachusetts liberal like John Houston.

Jack Roche from Westboro, who ran against Houston in last month's election, advocated deregulating the insurance system in this state and allowing the insurance companies to 'freely' compete against each other for customers. The state legislature could have moved to this kind of system, but you remember they were on a four month vacation from June to October and then quit early to save what was left of their defeated pay raise. I hope that Mr. Roche runs against Senator Houston in 1990, maybe then [we] will get an elected official who understands how the 'free' enterprise system works.

Allan Bercume
Worcester

Thank You...

The Millbury Fire Department would like to express our utmost thanks to all who contributed to our recent food drive for the needy. Because of your overwhelming generosity, 29 families were able to experience the true meaning of Christmas and a most joyous holiday season. A special thank you is extended to Mrs. Betty Hamilton of the Millbury Society for District Nursing. Without her guidance, none of this would have been possible.

Due to the large success of this program, we are hoping to make this an annual event. Once again, thank you for your support and caring. Have a happy and safe new year.

Francis King
Millbury Fire Department

Christmas Tree Disposal

MILLBURY - Christmas trees may be brought to the Town Highway Department on Providence Street for disposal. They will be accepted Monday through Friday only, and the last day for disposal will be January 6, 1989. Residents are asked to follow the signs for the proper disposal area.

This disposal is for Christmas trees only. Anyone found dumping trash of any kind will be subject to a fine. Trees WILL NOT be accepted at the town landfill.

Calendar

TUESDAY, JANUARY 3

Millbury Selectmen's Meeting Digest

Adams Announces Decision Not to Seek Reelection

By Edward J. Cooney

MILLBURY - Following adjournment of the December 20 meeting, Selectman Wynton Adams announced his decision not to seek reelection to the board in the upcoming Annual Town Elections. Adams said he has decided to use his time in retirement for pursuing other interests.

Filling in for Board Chairman Jude Cristo, John Donnelly chaired the meeting.

Survey of Fees

Administrative Assistant Earl Chase began his weekly report by informing the board that a survey of fees charged by surrounding towns was in each member's packet, as well as a schedule of fees Millbury charges.

Selectman Roland Lachance had requested the information to allow the board to make comparisons with the view to up certain fees consistent with other communities.

Transfer of Funds

Chase requested approval of a transfer of $7,500 from the Reserve Account to a revolving account to establish a base for payment of wages to police officers who work on off duty paid details. Chase noted that the $7,500 was equal to 1/12th of what was paid out last year for off duty paid details.

Selectman Wynton Adams asked Chase if he was confident that the amount was adequate. Chase replied, "I can't say with confidence that it would be adequate."

Adams responded, "It is not going to grow."

Selectman Donald Gauthier maintained that the amount would be sufficient as a base if the 10% administrative fee paid by contractors was placed in the revolving account.

Adams then remarked that the 10% administration fee is paid to the town for services and should be in the general fund where it always has been placed. "If we fund the base we should fund what we feel is adequate," Adams said.

In reply to a question from Donnelly on how many hours of work the $7,500 would cover, Police Chief Ron Stokowski said that each man gets $19 per hour.

Gauthier and Adams suggested a 10 day payback as the town is now required to pay wages earned in an earned pay period within six days.

Stokowski said that unless there are major projects the amount to be funded should be enough.

The board approved funding $7,500 for the Revolving Account by a transfer of those funds from the Reserve Account.

Road Settlement

Chase reported that what was thought to be a street opening on South Main street was in fact a settlement of the road which was filled in by the Highway Department.

Pay Phone at Town Hall

Chase said that he checked on an item brought up by Lachance concerning the possibility of installing a pay phone in the town hall.

According to Chase, "We would have to guarantee $5.00 or 50 calls per day and $150 per month. If we used a semi phone service, we would have to guarantee $20 per month, 40 cents or four calls per day, with a $116 installation charge."

Lachance expressed concern that there could be an opportunity for misuse of the phone in the room adjacent to the board's meeting room. Chase said he didn't feel that there was abuse although several years ago there were a few questionable calls. Chase also said that he has monitored bills and that all calls were pretty well accounted for.

SELECTMEN from Page 3

Lachance suggested that the phone be removed from the room adjacent to the Selectmen's meeting room. Chase remarked that it might be needed, especially during meeting times, as it is more accessible and convenient to the conference room.

Lachance then suggested that Chase check into replacing the phone hook-up with a jack, and Donnelly suggested checking into a phone setup whereby calls could come in but a person could not dial out.

Seminar for Dispatchers

Stokowski requested approval from the board to send three police dispatchers to a seminar to be given by the University of Delaware in Worcester. Stokowski said the program was highly rated and that it would be in the best interests of the town to have the dispatchers attend. The cost per person would be $275.

The board unanimously approved the request.

Police Academy Training Session

Stokowski informed the board that the Police Academy training session scheduled to begin in January has been delayed until February. He noted that the change was probably due to revamping taking place at the Criminal Justice Training Center.

Store Openings

Lachance asked Stokowski what was being done in regard to store openings the Monday after Christmas. Stokowski replied that he had received no requests to open as yet.

Foot Patrols

Lachance asked Stokowski if foot patrols were being used in the downtown area on Thursdays and Fridays when there is heavier traffic.

Stokowski replied that there were no specific assignments for foot patrols but the officers on patrol check and would handle any traffic problems.

Abandoned Motor Vehicles

Stokowski then requested the board's approval of the following suggested criteria for the removal of abandoned motor vehicles:

1. any vehicle left standing for more than 72 hours on any public way in the Town of Millbury in direct violation of MGL C90 S22B.

2. any vehicle intentionally left on property without the lawful consent of the owner for more than 72 hours and in violation of MGL C90 S22B.

3. the Town will not in any way be responsible for vehicles which were initially left on property with the consent of the owner or designee thereof, former tenants, employees, associates, etc.

4. it will be the responsibility of the towing company to notify the owner of the location of the vehicle.

Board members expressed no problems with the suggested criteria and approved them on a 4-0 vote.

Public Hearing on Alleged Liquor Violation

At 7:30 p.m., Donnelly read a Notice of Public Hearing concerning an alleged liquor violation at the New China Garden restaurant at the Millbury-Worcester line on North Main Street. The violation concerned the alleged serving of liquor to minors. Donnelly noted that the manager was not in attendance, but continued the hearing.

Attorney David Gallogly, from the office of Town Counsel Koppleman and Paige, conducted the hearing. Officer William Wilkinson and Sergeant Lincoln Barton were sworn in as witnesses.

Under questioning by Gallogly, Wilkinson testified that while on routine patrol on November 4, 1988 at 11:00 p.m., he noticed a group of young people (teens) gathered on both sides of the road near the parking lot opposite the New China Garden restaurant. Wilkinson said that he turned around in the parking lot, parked, and entered the building, first going to the lounge area where he checked the I.D.'s of two young ladies and found them to be of legal age. He said that he then entered the restaurant area and noticed three young ladies and two gentlemen seated at a table. "I asked one lady for an I.D. who at the time was not drinking but had a glass of blue liquid. When asked her age, she indicated that she was 16 years of age which was indicated on her license which was a Massachusetts Learner's Permit."

Wilkinson continued his testimony, reporting that he took custody of the glass of blue liquid which was transported to a lab for analysis by Evidence Officer Kelly. He also said that the minor's breath smelled of alcohol and that she appeared sober.

"There was a gentleman aside her who placed a 12 oz. bottle of beer, that was empty, across the table," Wilkinson continued. He said that he recognized the individual, thought he was of legal age, and let him walk away. He then called the dispatcher to check on the individual's date of birth and found he was 20 years old.

According to Wilkinson, as the situation became somewhat chaotic he called for assistance from Sergeant Barton. Wilkinson said the 20-year-old had gone outside with his girlfriend and appeared to be "very drunk." "He then crossed the road," Wilkinson said, "and was going to thumb a ride, but stumbled." He was then taken into protective custody by Barton.

On The Shelf

By Rosemary Waltos

January 1989 is the kickoff month for the Millbury Public Library's 125th Birthday Celebration. Starting in January and continuing throughout the year, the library, with the help of the Friends of the Millbury Public Library, will be offering a variety of programs and activities for people of all ages and interests.

For more information on these and other upcoming Millbury Public Library activities, or, if you would like to volunteer to assist in special 125th birthday happenings, please call 865-1181.

JANUARY HIGHLIGHTS

TRIVIA DAY, January 4: if you are challenged by puzzling questions, appreciate tidbits of information, or like to stop conversation with little known facts, stop by the library for a special trivia game.

THE "WOOLIES" REGISTRATION DAY AT THE LIBRARY, January 10: the library will extend its library card drive to the high school in January. All high school students who do not have library cards will have a chance to get one by filling out a library registration form in the English class today.

STORY HOUR REGISTRATION, January 17, 18, and 19: register your preschool child for an hour of stories, crafts and games each week. Story hour starts February 1 and 2 and runs through March. Space is limited, so register early.

TRAVEL LOG: HUVASUPAI CANYON, ARIZONA, January 24, at 6:30: join Ann Humes in an educational and interesting slide tape presentation of the Huvasupai Canyon, home of Huvasupai Indians. The Huvasupai Canyon is a side canyon located at the bottom of the Grand Canyon in Arizona. It is home to one of the most isolated and fascinating Indian tribes in the nation.

COMMUNITY ART SHOW: reception January 29, from 1-3 p.m. This is an avocational art show, open to artists who have not exhibited or have exhibited their work very little. Works will be on exhibit from January 29 to February 11. Join us for a special reception hosted by the Friends of the Library. Funding provided by the Massachusetts Arts Lottery and the Friends of the Millbury Public Library.

COMING UP IN FEBRUARY

SATURDAY AT THE FLICKS: once again the library brightens your February with a special film series featuring the best in feature length animated films for kids. Pizza and root beer will be served during intermission.

ANTIQUE DOLL LECTURE: antique doll collector Mrs. Dona will speak about the history and art of antique dolls.

TRAVEL LOG: Don't miss the second in our series of armchair travel logs, hosted by Ann Humes and friends.

Sutton Developments Draw Boards' Attention

This is a continuation of last week's article on forecasted growth for the Town of Sutton.

SUTTON - Sutton town officials are in the process of reviewing data to evaluate the current and potential impact different types of residential and commercial developments are having on municipal facilities and services in town. Specifically, impact on the school system, roads, public water and sewer, recreational facilities, and public safety are being studied through a combined effort of town officials and boards.

Two of the many areas which show impact are roads and sewers. A report compiled by Town Planner Ted Brovitz shows that new and proposed developments could add 45,103 feet or 8.5 miles of new roads and 21 cul de sacs.

Town Engineer Richard Wharton has presented a sewer master plan to the boards, which shows that Sutton is fast approaching the maximum number of gallons of sewage allowed to be treated at the Millbury Sewer Treatment Facility. Though the town is in no immediate danger of exceeding the volume allowed, development of all of the approved homes would move the volume close to the maximum.

Brovitz cautioned that care should be taken in interpreting the statistics presented for fear of raising a specter that is inaccurate, but he also said that the compilation of statistics signals potential problems in the future and gives the Town an opportunity to take a positive approach in dealing with these issues so that they are handled effectively.

Brovitz feels that the figure of greater significance is the occupancy figure since it is a more reliable measure than proposed and conceptual developments that have not yet begun. With growth and development as with many other things, he feels the economy and the market will play an important role in what future growth will occur and how fast it will occur.

Brovitz also noted that the bulk of the development is now being concentrated in areas which can access sewer and water. However, there is the possibility that the Manchaug area might be served by Douglas sewer facilities which would open an entirely new area to the type of growth which is occurring in the Wilkinsonville area.

Figures discussed at a December 6 Selectmen's meeting indicate the problems which all development in Sutton, not simply residential development, could have on Sutton's infrastructure, namely, roads, recreation, schools, and water and sewers. "The roadways are definitely a problem," Brovitz said. Many of Sutton's roads which access desirable, developable areas are narrow and winding and need to be upgraded in the future.

Brovitz said that potential further development underscores the fact that, at present, the primary location for recreational activity is the schools. This realization gives the town the opportunity to begin considering the need for recreational opportunities in town such as a public beach.

"With the amount and type of development proposed, schools could be a problem in the future," Brovitz explained. "We're probably going to see a good number of students coming out of the residential development because they are predominantly three and four bedroom, single family homes."

With respect to water supplies and sewer treatment facilities he said, "Right now, the quality and quantity of water is sufficient but there is a lack of protection of the aquifer. There are three sand and gravel operations right on top of the aquifer which is the sole source of public water in the Wilkinsonville area." Brovitz said that he would like to see some consideration of protecting and expanding the existing source of public water.

Brovitz also expressed confidence that Sutton is addressing the problems. "I think Sutton is really on the right course," he said "because in the last couple of years there's been a lot of professionalism brought to town. We have an energetic Town Administrator (Dexter Blois); Dexter's doing one heck of a job, and we've got Dick (Wharton, Town Engineer) who's doing a great job working on the infrastructure problems in town and drawing up plans to evaluate and project future use and how we're going to handle our additional demands as for public services. I'm working on the planning side of things, so we're all looking ahead at the future and trying to predict and project and manage the growth that we anticipate in Sutton."

Brovitz also explained that Sutton is on the right course with respect to planning. "We recently got a State grant to conduct a natural resource mapping and policy study that will serve as a basis for new zoning by-laws and land use policies in the master plan," he said.

The town is also working on updating the 1966 master plan. According to Brovitz, "The Master Plan up-date will also reestablish town-wide land use goals and objectives, so I think that Sutton is definitely on the right course. We're definitely thinking ahead and trying to come up with solutions to problems that may arise in the future."

Turn to Page 8 for a map detailing the location of 23 of the proposed developments in the Wilkinsonville area.

Board Announces Landfill Restraints

By Terry Barnicle

SUTTON - On Tuesday, December 20, the Selectmen held a brief meeting at which all members of the board were present.

Dog Complaint Discussed

In the ongoing issue of the barking dog complaint by John Millett against Jesse Ellis Jr., the board reported that they had received the police report that was mentioned at last week's meeting.

Millett returned to the board and said that there have been no problems recently. The Selectmen considered all the evidence presented and decided to let the matter stand as ordered until the next board meeting in two weeks. The order will be reviewed at that time.

Landfill

Chairman Mike Chizy reported that a large quantity of "white metals" are being dumped at the Town landfill. The board voted to adopt Selectwoman Mary K. Connor's suggestion that a moratorium be imposed on the dumping of white metals and all other heavy metals until January 3, 1989, when the subject will be discussed at the next Selectmen's meeting.

Criminal Complaint

The board took notice that a criminal complaint has been filed against T.J.'s of Manchaug for allegedly serving alcohol to a minor. Chizy suggested that the license holder be invited to a Selectmen's Meeting; it was so voted.

New Year's Eve

The board voted to extend the hours for serving liquor from 1 a.m. to 2 a.m. for New Year's Eve.

Town Meeting Date

The selectmen decided that the Special Town Meeting will be held on February 1, 1989. The Town Clerk found the January 18 date inconvenient because Saturday registration would have to be held on Christmas Eve.

Article Review

The Board briefly reviewed the articles for the Special Town Meeting. They felt that a feasibility study should be made of all possible recreation areas, rather than just of Marion's Camp. They also were of the opinion that, because of increased development in Town, a change should be made in the wording of the Charter so that fees may be amended at special town meetings instead of only at Annual Town Meetings.

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

Well, the Police Association has done it again. On behalf of all the Tenants at Centerview Apartments, we thank them for a delightful Christmas Party. The meal was delicious, and the service excellent since the officers' wives assisted the caterer in waiting on tables, serving, and attending to every need. Those who were unable to come to the dining area were served their meal in their apartment. After dinner, the jolly old elf himself appeared with his bag of presents which he distributed to all present and then to the "shut-ins." There was such a spirit of cooperation and camaraderie it tended to add up to a pleasant evening. Betty glanced into the kitchen at one point, and Santa was actually helping to wash dishes!!

Thanks again to all the police association members and especially that part of the Committee (Glen Parath, Linda Weaver and the officers' wives) who "hosted" at Centerview.

MILLBURY GOLDEN AGE CLUB: just a reminder that the Golden Age Club will resume its weekly meetings on Tuesday, January 10, 1989 in St. Brigid's church hall at 12:30.

WIT AND WISDOM

~ Gaining too much wealth is like grinding a knife; sharpened, it may cut its owner, too.

~ Making money is like digging with a needle; spending it is like water soaking into sand.

~ A man is also known by the company he keeps away from.

~ It is difficult to believe that someone can differ from us and be right.

~ It's sad that there are 24 hours in a day and only one of them is called the "Happy Hour."

SELECTMEN from Page 4

When asked by Gallogly if he had talked to the manager, Wilkinson replied that the manager said that the bartender had difficulty determining people's ages because of a language problem.

Wilkinson also reported that the department prosecuted the 16 year old female minor who appeared in Juvenile Court with her mother and admitted to sufficient facts for a finding. According to Wilkinson, the female was placed under probation until the age of 17.

A complaint for the 20-year-old male was brought to Central District Court but the individual did not appear for the hearing. The Clerk of Courts continued the hearing to January, at which time a warrant will be issued for his appearance.

Earl Chase said that the manager of the restaurant was notified by mail on December 8 of tonight's hearing. Gallogly suggested that a notification be hand delivered by an officer to be sure of notification.

Chase noted that a hearing on change of stock ownership for the restaurant will be held on January 3. It was suggested by Gallogly that the hearing be repeated and continued with another more recent alleged violation that occurred in December.

Donnelly suggested suspending the hearing until January when both hearings can be scheduled. The board approved the suspension of the hearing to January 3, 1989, on a 4-0 vote.

Public Hearing on Alleged Zoning Violations

A Public Hearing was held on alleged zoning violations and the sale of used cars under a Class 2 License which restrict on site sale of up to four cars at one time on the property of Frank DiBaro at 1460 Grafton Road.

In opening remarks, Gallogly noted that DiBaro had received a special permit in 1982 from the Zoning Board of Appeals to sell used cars, up to a limit of four for sale at any one time.

He also noted that zoning matters are enforced by the Zoning Board of Appeals and by the Building Inspector as Zoning Agent. "This is separate from the issue of a Class 2 License," Gallogly said.

Adams asked if it was in the board's authority to modify the conditions of a Class 2 License and Gallogly replied, "Yes, if the board feels it is appropriate."

Frank DiBaro and Building Inspector Rene Morin were sworn in to testify. In response to questions from Counsel, Morin described the premises and said he observed 2-3 unregistered cars near the repair garage in the rear with no "For Sale" signs on them. He also said he had observed a house trailer on Ward Street which he assumed was owned by DiBaro.

Counsel presented a document showing a copy of the Special Permit signed by the ZBA on January 7, 1982, indicating a special permit to sell, at any one time, four cars in a residential area. DiBaro, who identified himself as the landlord of the property, said he had copies of the ZBA permit and Class 2 license signed by the Board of Selectmen and that he could not see any violation. "There may be at times one, two, three cars, but never more than four at any one time. I don't see that as a violation," he said.

Paul DiBaro, who runs the repair garage, said that unregistered cars in the rear are there for repair and are dropped off by dealers who take off the dealer plates when left and pick them up later when work is finished. He too denied that more than four vehicles are ever in the front for sale at any one time.

In response to questions by Adams, DiBaro said the company was called Grafton Rd. Auto and that 60% of the business was repair and 40% sale of used cars. When asked what type of repairs by Adams, DiBaro replied mechanical repairs only.

Gauthier then said that he wanted to correct the statement that there were never more than four cars up front in the past. "I beg to differ," Gauthier said. "There have been six up front many times."

He then said that on several occasions in 1984 he observed five, six, or seven cars in the rear and at times five, four, and four up front.

DiBaro said that it was not illegal to have four up front in the sale lot. He also maintained that cars at the repair garage in the back don't have to be registered.

Donnelly called for a motion to table the matter so the board could consider the matter with counsel. "You will hear from us on these violations. The other violation will be dealt with by the Zoning Board of Appeals later," Donnelly said.

Gallogly said that the board did not have to go into Executive Session to discuss the matter further. He noted there was a "Catch 22" situation in respect to moving cars from the rear repair shop to the front sales lot. He said that the board could revoke the Class 2 License if there were changed conditions, citing earlier that the business was grandfatherd in and had a special permit from the ZBA.

"It is a difficult enforcement issue," Gallogly said. He also referred to Gauthier's statement as first hand testimony.

Lachance noted that a person could buy one of the unregistered cars in the rear and they could still have only four up front. Counsel said it would be a tough case to prove. "It is probable, but difficult, as many zoning violations are," he said.

Donnelly then advised counsel to send DiBara a letter notifying him that they would be watching his operation. "If there are over four cars they will be subject to revocation of their license," Donnelly said.

"That will put him on notice the license will be in jeopardy," Gallogly said.

Lachance requested that, along with the letter, a request for a monthly inventory be included which would show the date of purchase of vehicles and the date of their sale. The board approved on a 4-0 vote.

The board also decided to issue the same request from all Class 2 license holders.

from Page 10

Solid Waste Advisory Committee

A discussion was held on a list of nine volunteers to serve on the Solid Waste Advisory Committee. Gauthier questioned the appointment of one individual who is a trash hauler, saying that at some future time the individual may bid to haul trash from the transfer station to Wheelabrator, resulting in a possible conflict of interest.

Lachance remarked that that would be only one vote out of nine. "I don't have a problem with that," he said.

The board proceeded to vote on accepting the names for appointment to the Solid Waste Advisory Committee, name by name. The following were appointed: George D'Auteuil, 3-1 with Gauthier voting "No"; Michelle DeSorcy, 3-1 with Adams voting "No" (Adams had indicated that there may be a communal interest as DeSorcy is related to D'Auteuil; Richard Gauthier, 3-1, abstention by Donald Gauthier. The following were approved unanimously: Peter Boria, Gerry Bleau, James Dwinell, Catherine Marchand, John Walker, and Chris Klein.

Appeal on Bid Award

Chase then reported that Pavio Construction, the second low bidder on the Millbury Avenue Reconstruction Project, was challenging and appealing the award to low bidder Granger-Lynch to the Department of Labor.

In the first round of bids several months ago, Granger-Lynch challenged and appealed Pavio Construction's low bid to the Department of Labor which resulted in a ruling that the Town would have to rebid the project.

This time, Pavio Construction is appealing, maintaining that Granger-Lynch did not certify the Disadvantaged Business Enterprise Contractor.

Camp Marion

Lachance asked that Chase follow up on a request he made several weeks ago to enlist the help of State Representative Paul Kollios in determining any possible State interest in acquiring the former Camp Marion if Sutton cannot afford to purchase it.

Donnelly then remarked, "We certainly can't afford it."

Lachance indicated he would rather see the state use it for a recreation area than have a developer turn it into condominiums.

The board decided to send letters to Senators Houston and Bertonazzi, and to Representatives Moore and Kollios.

Building Inspector's Position

The board was informed by letter that the Planning Board will be supporting an article for the next Annual Town Meeting to make the Building Inspector's position full time. The letter noted that the workload has increased to the point where the part time inspector cannot keep current with inspections.

A Bit of History....
by Grace Laflash

Since 1988 marked the 175th anniversary of our town, I shared a bit of history with you each week. The birthday has been duly celebrated, the year is drawing to a close, and this is my last column.

Simon Farnsworth, for whom Farnsworth Court is named, was among the taxpayers in Millbury in 1813, our town's natal year. He was one of the founders of the Second Congregational Church (Federated), and in 1835 was appointed to the Board of Overseers of the poor farm and town poor.

When the Millbury Savings Bank was incorporated in 1854, Simon and three other men were elected vice presidents. He also served the town as Selectman and School Committee member.

The Hair Works and Fitzpatrick Real Estate buildings at the center were Farnsworth properties as well as the site at 95 Elm Street. At the latter, Simon operated an inn and tavern.

Books commemorating our celebration of the 175th birthday of our town are now available at the Tax Collector's office at the Town Hall. The price is $5.00 each.

Named Editor of Yearbook

CHICAGO - Daniel Johnson, a senior business and marketing major at North Park College, Chicago, has been named editor of The Cupola, North Park's yearbook.

Johnson, the son of Mr. and Mrs. Roland V. Johnson of Sutton, is a 1985 graduate of Sutton Memorial High School.

Johnson has also volunteered with North Park Habitat for Humanity and has been active in the Chapel of Wheels program for the elderly.

Founded in 1891, North Park College is located on Chicago's North Side. The four-year Christian liberal arts college is affiliated with the Evangelical Covenant Church and enrolls approximately 1,100 students. The college is known for the contributions of its graduates to business, the sciences, music, medicine, and the clergy.

Landfill Notice

MILLBURY - During construction of the transfer station and capping of the landfill, there will be some minor inconveniences at the landfill.

Starting January 1, 1989 and until further notice, only household trash, including leaves, will be accepted. EVERYTHING must be placed in plastic bags. The landfill will not accept tires, metals, pallets, asphalt shingles, brush, demolition or construction material of any kind.

If you have any unacceptable items to dispose of, contact the Board of Health office for a list of licensed rubbish haulers that can dispose of your items for you.

During construction, the landfill may have to operate on a limited basis and close at different times to accommodate construction. Any change in operating hours will be published in this newspaper.

The Board of Health asks residents to be patient and understanding with the inconveniences that will be caused, and would like to assure everyone that the town will make every effort to make this project as orderly as possible.

Sutton Subdivision Proposal Calls for 110 Single Family Homes off McClellan Road

SUTTON- 'Tis the season to be jolly, unless of course you're a member of the Sutton Planning Board, in which case December marks the beginning of what promises to be a long winter season of greeting developers, stuffed agendas, and late nights in the Town Hall.

In the next few months, the Board will hold public hearings for at least seven new definitive (or final) subdivision plans--four of which are 40 homes or more. In total, the Board has before it about 265 new homes proposed under definitive plans and 136 new homes under preliminary plans. The December 19 meeting started the new season with the first public hearing for the proposed Colonial Acres subdivision.

Colonial Acres

The public hearing opened at 7:40 p.m. with Planning Board members Dave Suhl, Scott Paul and Chairman Craig Ferrell representing the Town. First on the agenda was the proposed Colonial Acres subdivision. The plan calls for 110 single family homes on approximately 81 acres located off McClellan Road. The subdivision would have access to McClellan Road, Dodge Road and Leland Hill Road, and would create an estimated 9000 linear feet of additional roadway in Sutton.

Representing land owners Mr. and Mrs. Quattrucci were principles from the Boston-Sutton Corporation, a limited partnership established for the purpose of this development. Among the representatives in attendance were attorney Philip Davis, David Lavallee of Lavallee Brothers Surveyors, K.N Srinivasa of Kalkunte Engineering Corporation, and Bill Bent of McDonough & Scully Transportation Planners. Also at the meeting were about 20 residents from the surrounding community with concerns about the potential impacts of what is the largest residential development proposed in Sutton to date.

Davis began the presentation with a summary of the proposed plan. He explained that the current proposal had been in the planning stages for about a year and that the first preliminary plan had been submitted to the Town in 1986. A subsequent preliminary plan was submitted on April 15 of this year--a day before the minimum lot size requirement for the development would have changed from 20,000 to 40,000 square feet.

After the introduction by Davis, Dave Lavallee described the drainage patterns of the site as well as plans for a passive recreational area located within the site. Srinivasa then elaborated on the extent of roadways and the proposed drainage plan. He explained that all roads would have grades better than 9 percent (a subdivision requirement) and that the site is broken into two major drainage areas of approximately 50 and 30 acres which would drain toward McClellan Road and Leland Hill Road, respectively.

Srinivasa estimated that approximately 30 percent of the drainage off site would run towards Leland Hill Road. A final drainage report has been prepared for the Planning Board and is currently being reviewed by the Town's consultants, Cox Engineering.

Srinivasa went on to say that all lots would be serviced by public water and sewer. A pumping station will be located at the low point on McClellan Road to push sewage up Leland Hill Road to existing sewer lines on Hartness Road. Water would be provided from the Wilkinsonville Water District and pumped to a storage tank located at the high point on site.

Transportation consultant Bill Bent then spoke about the projected traffic impact generated from Colonial Acres. He explained that he was in the process of preparing an impact report and was working with the Town Planner, Ted Brovitz, to determine the details of information to be included in the study. Bent explained to an anxious audience that the he proposed to analyze the traffic impacts of the as-built and non-development scenarios which include new and existing background traffic from Leland Hill, Hartness, Boston, Dodge Hill and McClellan Roads. His firm has also conducted traffic counts in the area and estimates that Dodge Hill Road generates around 300 trips per day and Hartness Road about 500 trips per day. He also added that the State has reported eight accidents in the Wilkinsonville area - four of which occurred at the five-road intersection of Leland Hill, Dodge, and Hartness Roads.

PLANNING from Page 13

The preliminary results of the traffic study estimate that the peak traffic hours of the development are between 7:30 and 8:30 a.m. and 4:30 and 5:30 p.m. During morning peak hours, 24 trips are figured to be entering and 62 exiting the subdivision. During the evening peak period, 20 trips are estimated in and 40 trips out. Total vehicle trips generated during a given day are estimated to be 1118.

Based on employment data for eastern Massachusetts and northern Rhode Island, Bent estimated that 86% of the traffic would be heading north toward Worcester and Grafton, 10% south to Route 146 South, and 4% in various other directions. Bent also cited several safety concerns including the width of existing town roads in the immediate area, sight distance approaching the subdivision, the need for traffic control (stop signs), and the five-road intersection.

Following Bent's presentation, Planning Board Chairman Craig Ferrell opened the hearing to public questions. A number of residents on all sides of the proposed development including Leland Hill Road, Dodge Road, and McClellan Road spoke out about the impacts of the subdivision. The primary concern was the drainage plan that calls for water to be diverted to catch basins in specific areas across Leland Hill Road and McClellan Road. Life-long resident of McClellan Road, Arthur Keown, commented that Colonial Acres is "a wet proposition and they're going to have to take care of the drainage".

Other concerns included the possibility of well contamination during the construction process and traffic impacts. Town Administrator Dexter Blois questioned the peak hour trip estimates which he felt were much lower than what will actually occur. The projected level of service (traffic and safety) of surrounding roads was also suspected as being rather optimistic.

At 8:50 the Planning Board ended the discussion on Colonial Acres and continued the public hearing to the January 23 meeting. At that time, the Board will have received the review of the drainage plan from Cox Engineering.

Emaral Drive Subdivision

Next on the agenda was the public hearing on a definitive subdivision proposal entitled "Emaral Drive". This is a two-lot subdivision on property abutting the Heritage Road neighborhood to the south. David Lavallee, representing the land owners, explained that the road would be built to serve the two lots with drainage from Dudley Road intercepted and diverted to a small pond on the back lot which also collects drainage from the abutting Heritage Road properties.

Abutting residents from Heritage Road raised a number of concerns. Many felt that the location of the road, directly behind their back yards, would threaten a stone wall and was not the best location on site given the existing grade. Many contended that the other side of the property was not as steep and would be more suitable for the road.

Another major concern of the Heritage Road residents was the uncertain future use of the road. Many posed the possibility of the road being used by trucks to access the gravel pits directly behind the property and asked if the Planning Board would require that no future extension of the road be made for this purpose.

David Lavallee responded to residents' concerns by saying that the location of the road was placed on that side of the property because of gentler slopes and less ledge. He also stated that drainage would not be a problem because of the underlying sandy materials. As far as the restriction on future road extension, he felt that it was illegal to impose such a restriction and that residential roads could not be used for such industrial purposes.

The public hearing on Emaral Drive was closed at 9:30 p.m. with the Board taking the plan under advisement.

ANR Plans

Next on the agenda were a series of Approval Not Required Plans (ANRs). The Board endorsed four ANR lots on Hutchinson Road, one on Hartness Road off West Millbury Road, and denied two ANR plans on Central Turnpike for lack of proper frontage.

Other Definitive Plans

Clay Owens, representing the Skyline Drive Subdivision-Phase I, asked that the Board release lots 1 and 10, which he thought would be released as a result of a Planning Board decision at a prior meeting. However, it was later determined that some improvements remained to be done. The Board voted to release lots 1 and 10 subject to a bond being released. Town Engineer Dick Wharton will be reviewing the bond requirements for completeness.

The Board voted to approve the Deer Park Estates Subdivision at the corner of Barnett and Mendon Roads subject to a specific modification to the covenant requiring driveways not to exceed 10 percent slopes and that they intersect the roads at more than a 60 percent angle. The subdivision had originally been denied last month for various safety reasons which were subsequently addressed by the developers.

South Gate Plaza

A preliminary site plan was submitted for a proposed shopping plaza to be located on Route 146 directly in front of the Burnap Industrial Park. Property owner Jack Virgilio presented the plan to the Board complete with architectural sketches of the proposed building.

The development calls for approximately 29,000 square feet of retail, restaurant and office space, and approximately 255 parking spaces. It would have access directly to Route 146 (with State permission) and Deborah Drive, which abuts the property to the south. With building and parking space included, virtually the entire site is covered. A new amendment to the zoning by-laws which would have required 40 percent of the site to remain in open space was rejected by the Attorney General because of improper public notification procedures.

PLANNING from Page 14

Separate letters to the Planning Board from Town Administrator Dexter Blois and Town Planner Ted Brovitz raised a number of concerns about the proposal. A major concern was the difference between the site plan before the Planning Board, and the plan and application presented to the Zoning Board of Adjustments (ZBA) in January for a special permit enabling Mr. Virgilio to develop this industrially-zoned property for commercial use. The ZBA plan and the special permit application, and subsequent approval of the special permit, made reference to a much smaller proposal with only about half of the commercial floor space and under 100 parking spaces.

Virgilio responded to the concerns by insisting that the ZBA was aware that the development indicated in the special permit application and on the plan was not the intended amount of use. He went on to say that he would seek a letter from the ZBA chairman and the minutes of his meeting with the Board to support his position.

Other concerns raised were the amount of parking, lack of landscaping, loading and fire access, drainage, and access to Route 146. Virgilio will be meeting with Brovitz to discuss necessary revisions to the site plan and will be meeting with the Planning Board at an up-coming public hearing.

Etcetera

Butch Gurwitz's plan for a one lot subdivision off Putnam Hill Road entitled "Crown Shield Lane" was signed by the Planning Board.

Ken Gosselin of Sutton Park Condominiums off Dodge Hill Road requested a reduction in the bond for work completed on Herbert Drive. The Planning Board requested Town Engineer Dick Wharton to determine the amount of the bond reduction based on the amount of work remaining.

And Finally...

The Board reviewed the previous minutes of the December 5 meeting and mail received over the past few weeks. The meeting finally ended at 12:30 a.m. Truly a busy night for the Planning Board and an indication of what's in store for future meetings over the next few months.

Cub Scout Pack 243

SUTTON - Sutton Cub Scout Pack 243 held its monthly Pack meeting on December 20. The pack visited the Orchard Apartments and sang Christmas carols. They were later treated to hot chocolate by Carrie's Restaurant. In addition, the following badges were awarded:

*"Conceptual Development" is one in which the developers has begun communicating his concept for a proposal and getting the initial feelings of the board.

**"Preliminary Proposal" is one which includes concrete plans which are submitted more as a courtesy to the Planning Board and offers the board and the developer the opportunity to work out some of the problems before the definitive plans are submitted.

***"Definitive Plans" are the formal plans that are submitted for approval with modifications that the Planning Board may impose on the development.

1. Pheasant Run is a conceptual* development of 42 single Family residences.

2. Deer Hill Farm is a conceptual of 19 single family residential units.

3. Burnap Industrial Park is a nine lot industrial development off of Route 146. All of the lots have been sold.

4. Mark's Way is an eight unit development of single family homes located off Blackstone Street. Its status is conceptual though preliminary** plans have been submitted.

5.Merrill Road Subdivision is a 22 unit subdivision which has been completed. The majority of the homes are occupied.

6. Heritage Plaza is a small mall located at the intersections of Boston Road and Route 122A. It is almost completely occupied.

7. Burke Lane is a completed subdivision of seven single family residences, all occupied.

8. Sutton Park is a completed 20 unit condominium project of which nine units are occupied.

9. Hillside Subdivision was approved in 1987 for nine lots of 4-family unit multi-family homes and four single family homes for a total of 40 units. Two multi-family units were framed and the foundation of a third has been poured, however no construction has taken place in the last few months.

10. Debbie Drive is a four lot single family subdivision completed and located off Hartness Road.

11. Waybridge Estates I, formerly called Skyline Drive, is a 16 unit single family residences which is completed. Presently six homes are occupied.

12. Waybridge Estates II calls for 65 single family homes. The roads have been installed but construction has not begun.

13. Pine Ridge Estates is a subdivision of 48 homes which are completed. Presently, 32 are occupied.

14. Woodburyville Heights is the first and only Limited Density Residential Development. It is an 80 unit multi-family off Boston Road. The first 4-unit structure has been completed and the next two foundations were in place as of September 1. Sixteen units are occupied.

15. Pleasant Dale. Preliminary plans submitted April 15, 1988 show 13 single family homes.

16. Deer Run preliminary plans show 104 single family homes on 1&2 acre lots. It is located directly across from the Sunrise development.

17. Sunrise is a subdivision of 78 single family homes.

18. Colonial Acres is a definitive*** plan for 1170 single family residences which abuts Waybridge Estates II. Nothing has been done since the plans were submitted in April of 1988.

19.Orchard Estates is a proposed 73 unit single family development on both sides of Leland road.

20. Southbridge is a McClellan Road project of 22 single family homes adjacent to the Sunrise and Bernoni Overlook preliminary plans.

21. Bernoni Overlook is a preliminary plan for 34 single family homes.

22. Pennybrook Estates is a subdivision proposed off of Leland Hill Road and Pierce Road for a 26 single family subdivision.

23. Wachusett Drive is a definitive plan subdivision for 14 single family homes.

SUTTON SENIOR NEWS

WEEK'S ACTIVITIES

MONDAY: The office will be closed on January 2, 1989. The recorder will be on for messages.
TUESDAY: lunch at noon, video after lunch. Lunch will be held at the Oxford Site on January 10. Please make reservations by noontime Friday, January 6 (865-9798)
WEDNESDAY: lunch at noon, Golden Age Meeting at 12:30 p.m.
THURSDAY: grocery shopping for all (van). Orchard Apartments: health checks from 8-9:30 a.m., Info. & Ref. from 10-11 a.m.
FRIDAY: lunch at noon. Blood Pressure checks in the library from 12:30-1 p.m. Bowling in Webster at 1:15 p.m.
TRIP! TRIP! COMING UP to Atlantic City - three day, Atlantic City Claridge, April 5-7, 1989. $25.00 deposit due before January 18. Come and bring your friends. Call 865-9798 (COA office), Monday through Friday 9 a.m. to 3 p.m., for more information; ask for Alberta.

Pork Chop Supper

SUTTON - The First Congregational Church, Boston Road at the Common, will be serving a Baked Stuffed Pork Chop Supper on Saturday, January 7, with continuous servings from 5-7 p.m. This family-style meal will also include Chef's Choice of Homemade Soup, Mashed Potatoes with Gravy, Corn, Applesauce, Peach Crisp a la Mode, and the usual Homemade Bread.

Meal prices are $6 for adults, $3 for pre-teens, and children age 5 and under are admitted free of charge.

Employee Theft and Substance Abuse Topic of Meeting

SUTTON - Helping businesses prevent loss from employee theft and substance abuse will be the topic of the Blackstone Valley Chamber of Commerce membership breakfast to be held on Tuesday, January 10 from 7:30 to 9:00 a.m. at Pleasant Valley Country Club, Armsby Road.

Robert Maile, president of ABM Security in Douglas and a former Massachusetts State Trooper, will discuss ways for business owners to protect themselves from employee crimes. Each year, businesses lose millions of dollars in productivity and merchandise as a direct result of employee substance abuse and theft.

The cost of the session is $8 per person and advance registration is required. To register, contact Rebecca Goodwin at 753-2924.

Recently Wed

Brenda Bardier and Norman R. Anyon, Jr. were married on September 25 in St. Mark's Church, Sutton. The reception was given at the Myriad Ballroom in Uxbridge.

The bride is the daughter of Mr. and Mrs. Ronald P. Bardier of 114 Hartness Road in Sutton.

The bridegroom is the son of Mr. and Mrs. Norman R. Anyon, Sr. of Old Providence Road, Sutton.

The bride is a graduate of Sutton Memorial High School and The Salter School. She is employed by Paul Revere Life Insurance Company. The bridegroom is a graduate of the same high school and is a supervisor at Astro-Foam in Holden.

After a trip to the Bahamas, the couple is residing in Sutton.

Cesarean Birth Class

WORCESTER - The Childbirth Education Association of Central Massachusetts, Inc., will hold a Cesarean Birth class on Thursday, January 5 at 7:00 p.m. in the Basement Conference Room at St. Vincent Hospital, 25 Winthrop Street.

This class covers all aspects of the Cesarean birth experience, including reasons for the surgery, explanation of the surgery itself, anesthesia, and postpartum recovery. In addition, an anesthesiologist from the St. Vincent Hospital staff will be available to answer questions regarding anesthesia in childbirth.

The class is free to current C.E.A. class members. The fee for non-members is $5 per person/couple.

Town of Sutton
Notice of Public Hearing

The Sutton Planning Board will hold a Public Hearing on Monday, January 9, 1989, at 8:30 p.m. in the Municipal Center to review the following proposed adoption to the Sutton Zoning Bylaws, to wit:

To see if the Town will vote to amend subsection B (Tables of Area and Height and Bulk Regulations) of its zoning bylaw by deleting therefrom the following words:

"Table of Area Regulations (No. refer to attached notes)", "1 Lots", and "2-7 Yards",

and replacing them with the following new words:

"Table of Area Regulations (letters refer to footnotes)", "Lots (a)", and "Yards (b-l)"

respectively, and to renumber/reletter the footnotes in said subsection from a to l,
or act or do anything in relation thereto.

Craig A. Ferrell, Chairman
Planning Board
Town of Sutton
December 22 and 29, 1988

Town of Sutton
Notice of Public Hearing

The Sutton Planning Board will hold a Public Hearing on Monday, January 9, 1989, at 8:30 p.m. in the Municipal Center to review the following proposed adoption to the Sutton Zoning Bylaws, to wit:

To see if the Town will vote to amend the Site Plan Bylaw of its zoning bylaw by adding to Section I (Scope) thereof the following new line:

"4. Any change in use of land zoned B-1 (Business-Village), B-2 (Business-Highway), or I (Industrial)".
or act or do anything in relation thereto.

Town of Sutton
Planning Board
Notice of Public Hearing

The Sutton Planning Board will hold a Public Hearing on Monday, January 9, 1989 at 8:30 p.m. in the Municipal Center to review the following proposed adoption to the Sutton Zoning Bylaws, to wit:

To see if the Town will vote to amend subsection B (Tables of Area and Height and Bulk Regulations) Section VI (Area, Height and Bulk Regulations) of its zoning bylaws by deleting therefrom the following table:

"Table of Height and Bulk Regulations

District	Max permitted height (ft.)	Max permitted height (stories)	Max bldg coverage of lot (covered area as percent of total lot area)	Min residential net floor area (sq. ft.)
R-1	35	2.5	10	768
R-2	35	2.5	20	768
B-1	30	2.0	80	not permitted
B-2	30	2.0	50	not permitted
I	30	2.0	50	not permitted

and substituting in lieu thereof the following new table:
"Table of Height and Bulk Regulations

	District				
	R-1	R-2	B-1	B-2	I
Max bldg height (ft.)	35	35	30	30	30
Max bldg stories	2.5	2.5	2.0	2.0	2.0
Max bldg coverage of lot (covered area as % of total lot area)	10	20	80	50	50
Min habitable floor area per dwelling unit (sq. ft.)	768	768	NP	NP	NP
Min open space (%)	--	--	10	25	40

(NP = not permitted use)",
and to add the following new definition to Section II (Definitions) of said zoning bylaw:
"Open Space: that portion of the lot area not covered by any structure and not used for drives, parking, or storage. Man-made retention areas shall not be considered open space. All open space shall be kept stabilized with natural vegetation cover.",
or act or do anything in relation thereto.
